

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising notices free any more than a merchant can give his customer free goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and no advertiser should be paid for no matter in what part of the paper they appear.

We Have!

Always contended for and maintain it is a fact that there is a higher order of intelligence evinced in the business of general merchandise by the people in this and nearby counties than most anywhere else. You will find few persons who do their shopping in Mayville who believe that \$4.95 will buy a \$12 suit of clothes. Our many years experience goes to show that people want goods and for which they are willing to pay a fair price. Our 1898 spring business proves that the higher the class of goods the readier they sell. Our beautiful Black and Blue Serge Suits (we sell them at \$12) have bounded into wonderful great favor with our good dressers. We have a beautiful line of them. The weather is getting right for our

BITTEN BY A DOG.

Little Daughter of Mr. J. C. Owens Receives a Painful Injury Yesterday.

A most distressing accident occurred yesterday afternoon at the home of Mrs. Thomas Wells on West Third street.

Little Miss Maria Owens, daughter of Mr. and Mrs. J. C. Owens, had gone to the home of Mrs. Wells to see a servant, who was formerly in the employ of the Owens family.

The child had gone around to the kitchen and had just opened the door and was about to step in, when a dog belonging to the house made a lunge at her.

Its sharp teeth penetrated the left eyeball and scratched her face and hands.

The little one, frightened almost to death, was removed to the home of Mr. G. W. Blatterman and Dr. C. C. Owens summoned.

The eye was found to be badly injured, the teeth of the dog sinking deep into the ball.

This morning the little sufferer was no better and she was taken to Cincinnati where she will be treated by a specialist in the hope, if possible, of saving her sight.

The accident is a most unfortunate one and is much regretted.

WHO IS SHE?

Postmaster Mathews in Receipt of a Letter From a Stranger in Indiana.

Postmaster Mathews is in receipt of a letter from Mrs. Vincent Miller, Sabine, Marion county, Ind., in which a strange story is told of a young girl giving the home of her father and stepmother, with whom she resided, as Mayville or this vicinity.

The letter bears date of June 14th, 1898, and is an interesting one.

The girl says her name is Lula Ray, and stated that on Monday morning, June 13th, accompanied by her stepmother, who told her that she was going to visit a sister who resided there, she arrived at Indianapolis.

They went to the home of the supposed relative, and later the three went to a park in the city.

After being there a short time the two elder women sent Lula out to look for some water, the girl of course expecting to find them at the same place on her return.

But such was not the case, according to her story. On the bench where the two women had been sitting when she went away a message had been written, informing her that they had left and bidding her to do the best she could.

Unacquainted with the surroundings the girl started out walking, knowing not where to go, but finally, between six or seven in the evening, turning up at the home of the writer of the letter at Sabine, seven miles West of Indianapolis.

She gave her age as 17, and can give no explanation why she was left in the city in such a manner.

She is still at the home of Mrs. Miller at Sabine, who desires if possible to secure some information in regard to the girl's parents that she can be returned home.

The affair is quite a mystery, and should be solved to the bottom.

Electric Park.

That the people of Mayville appreciate a really first class performance was demonstrated beyond a doubt last night by the large and appreciative audience that was out at this popular amusement place.

Manager Seeker has a strong away of talent this week. The DeWitts, Tillie and Billie, made their first appearance before a Mayville audience and scored an instantaneous hit with their singing tune. Miss Tillie has a very sweet voice, while Billie is an Irish comedian who is really funny. Howard and Livingston scored big with their character sketch "Scenes From Everyday Life". Fanny Lew Seeker sang several new coin songs, assisted by little Rastus. Go out tonight. You get a car ride and a ticket to the show for 10 cents.

Fremont Park.
Opened with a complete new show last night to a crowded house. Mrs. Dube with his trained dogs, rats, cats and monkeys gave a wonderful and pleasing exhibition. Master Albert Roslyn, the boy tenor, possesses a fine voice and knows how to make the best of it. His rendition of "On the Banks of the Wabash" was exceedingly clever. The Kline children in new acts were even greater favorites than last week. Their cake walk and a specialties called forth sustained applause. George Edwards as the big con was a successful laugh producer. Miss Grace Mazie, Ben Turpin, Miss Labele and Ed Parker were all compelled to respond to numerous encores. Manager Fremont can well feel proud of his show this week. It is clean, refined and entertaining all the way through.

THE PRICERS GUIDE.
The Largest Shipment of
Deering Binders
That Ever Came to
Northeastern Kentucky
THE DEERING is a safe line to hitch to. In buying a Self Binder one should study the matter carefully and select the best machine. Any make of binder will cut wheat; they all do that; but there is one machine that will cut wheat, rye, oats, barley, millet, bluegrass, timothy, etc., standing up or laying down flat, long or short, heavy or thin, on level, rolling or hillside as steep as a roof. This machine is the Deering. Condition of grain or land makes no difference to this machine binder. Cost your money's worth and you will be satisfied.
DEERING
DEERING MACHINES have roller and ball bearings both, and in that respect is the only machine of the kind made. Its draft is the lightest of any now on the market. Remember, Deering made the first binder. Deering first used ball and roller bearings. Surely you won't buy a cheap imitation. Take a business view of the matter. Don't buy the instrument when you can take advantage of Deering's years experience. They made the first binder, have spent a lifetime in improving it and today offer you the result of their efforts at the same price that other companies wish to charge you for experiments. Don't buy a cheap experiment, but buy a perfected Deering Binder, Mower or Hay Rake. They have made all your neighbors happy, as nearly 1,000 testimonials that we hold of residents of Mason, Bracken and Robertson distinctly state. We will be pleased to show you these testimonials. Come and see Deering's wonderful line of prize winning machines.

Cost cuts no figure in this case. We want a little bit of your money in exchange for these Baby Buggies, and in order to make the exchange quickly we will

Frankfort, Ky., June 31.—The presentation of a silver cup to J. H. Morton Morris by the choir of Christ church cathedral, marks the recognition of a service that is rarely heard of. For 31 years continuously Mr. Morris has been a member of the choir, and in that time has seldom missed a day's attendance. His voice is still strong, and he will probably be a member for years to come.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

Governor's Frolicomania.
FRANKFORT, Ky., June 31.—Gov. Bradley Monday night issued a proclamation recommending that the people of the state societies look after the protection of families of soldiers and to provide for assistance to those that only need it during their absence in foreign lands. The state W. C. T. U. presented Miss Christine Bradley a silver water set in recognition of her loyalty to conviction in christening the battle ship Kentucky with water. Miss Miriam Crosby, of Washington, daughter of retired Adm. Crosby, of Washington, was among many distinguished guests from a distance. The presentation service was made by Col. George W. Bain, temperance lecturer.

Kentucky By No Means the Last.
FRANKFORT, Ky., June 31.—Gov. Bradley does not relish reports that Kentucky has been the last state to get her troops into the field. He said Monday Georgia, Tennessee and several other states were behind Kentucky in the matter. The state authorities expected to receive orders from Washington Tuesday to mobilize the regiment which has been allowed to Kentucky under the second call. The troops will again be used as a rendezvous station. First Lieut. John W. Davis, of the Vaneberg company, now at Chickamauga, has resigned on account of failing health, and will take his old position as state capital guard.

Blood Poisoning From Fly Bites.
LOUISVILLE, Ky., June 31.—The physicians of the city hospital are puzzled over a peculiar case of blood poisoning. Frank Collins, the laundryman of the institution, was bitten on the neck by a fly, and a few days later a house fly while in the dead room. Collins felt the sting and brushed the insect off. In a few minutes the hand began to swell. It was soon twice its normal size, and the swelling communicated to the arm. The hospital physicians at once began treatment, but the patient is not yet out of danger. They all agreed that the fly collected poisonous matter in the "dead room," which was transmitted to the victim's hand.

Sister Victoria of St. Francis de Sales Academy celebrated her eightieth birthday last Saturday.

Mayor Simms issued a proclamation at Lexington abrogating the ordinance requiring bells and lanterns on wheels, thus saving the cyclists from any annoyance during the State Meet there this week.

Bad management keeps more people in poor circumstances than any other cause. To be successful one must look ahead and plan ahead so that when a favorable opportunity presents itself he is ready to take advantage of it. A little forethought will also save much expense and valuable time. A prudent and careful man will keep a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, the shiftless fellow will wait until necessity compels it and then ruin his best horse going for the doctor and have a big doctor bill to pay besides. One pays out 25 cents, the other is out a hundred dollars, and then wonders why his neighbor is getting richer while he is getting poorer. For sale by J. James Wood, Druggist.

Dr. J. C. Ayer's Pills are a specific for all diseases of the liver, stomach, and bowels.

"I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. After vainly trying various remedies, I began to take Ayer's Pills, and soon the bowels recovered their natural action."

CIGARETTE HABIT.

Large Per Cent. of Army Recruits Rejected on This Account.

Life insurance companies will have to insert a new question in their application inquiring as to the habit of cigarette smoking.

It is found that this pernicious habit is seriously interfering with the carrying out of the patriotic impulses of a larger number of would-be-recruits than any one would have been supposed, so large indeed as to be startling. In a dispatch a few days ago it is stated that the large number of rejections of volunteers has caused much comment in the army medical corps. However, the physicians who have conducted the examinations say that outside of the ranks of cigarette smokers there are even fewer rejections than there were in the days of the Civil War. Among habitual users of the cigarette the rejections are about 90 per cent.

Dr. Benjamin King of Philadelphia, who acted as an examining surgeon during 1861-63 in New York, Pennsylvania, Ohio and Indiana, says that the average rejections during those years did not exceed 13 per cent. He attributes the large increase almost entirely to the cigarette habit.

"I have been inspecting the papers in a number of cases under the present recruiting act," said Dr. King, "and I observe that most of the men who failed to pass have weak hearts or lack the vitality necessary to make a good soldier. I had expected that the percentage of rejections would be greater now than in 1861, but I did not dream that it would be almost three times as great. The examining physicians with whom I have talked have generally told me that the excess of rejections is due to the large number of young men applying for enlistment who have become victims of the cigarette habit."

Bo Moore of LaFayette, Ind., says that for constipation he has found Dr. Williams' Little Early Risers to be perfect. They never gripe. Try them for constipation and liver troubles. Henry W. Ray, Post-office Druggist.
